

ICOTS-8
Data and Context in Statistics Education:
Towards an Evidence-Based Society
Ljubljana, Slovenia, 11-16 July 2010

We are pleased to advise that the IASE Executive accepted the proposal made by the Statistical Society of Slovenia to hold ICOTS-8 in 2010 in Slovenia. The decision was announced at the ICOTS-7 farewell dinner.

The first steps towards organising have already been taken by the IASE Executive: the conference theme has been chosen and the Scientific and Local Committees have been appointed.

The conference theme '**Data and Context in Statistics Education**' emphasises two concepts that are key concepts at nearly all levels of statistics education. The subtitle '**Towards an Evidence-Based Society**' offers a gateway to reflections about the past, present and future status of statistics in society and about the impact of statistics education on learning objectives.

We shall learn about statistics and see how we learn through the use of statistics.

The International Programme Committee Executive consists of

- IPC Chair: John Harraway
- Programme Chair: Roxy Peck
- Information Manager: John Shanks
- Scientific Secretary: Helen MacGillivray
- Editor Proceedings: Alan McLean

The Local Organising Committee will be chaired by Andrej Blejec.

More information and web-site will be available at the end of 2006.

Note now in your diary for 2010 the Conference venue and dates:
