

**IBC2006**

This conference will bring together statisticians and others interested in the development and application of statistical and mathematical methods for the biological sciences.

# XXIII<sup>rd</sup> International Biometric Conference

**Montréal, Québec, Canada**

**July 16 – 21, 2006**

## Call for Abstracts

(web site opens for abstract submission on October 17)

The International Biometric Society (IBS) is issuing a Call for Abstracts to all statisticians and others interested in the development and application of statistical and mathematical methods for the biological sciences. It is expected that the world-wide conference, held every other year and hosted in 2006 by the Society's Eastern North American Region of the Society (ENAR), will attract over 700 delegates and include eminent international speakers, and leading researchers and participants from all continents. The scientific program features 14 Invited sessions, several Special Contributed sessions, a satellite meeting and a commercial exhibition. Downloadable details of these sessions as well as the instructions on the submission of abstracts may be found at our web site at [www.ibc2006.org](http://www.ibc2006.org).

Electronically submitted abstracts will be accepted for peer review until midnight (EST), January 16, 2006.

The website also contains information on registration, accommodation, organized tours, social functions and details on the McGill University campus, host of the XXIII<sup>rd</sup> IBC.

Please note the following important deadlines and add them to your calendar:

Abstract Submission Deadline **January 16, 2006 (midnight EST)**

Advance/Early Registration **May 1, 2006**

Accommodation Deadline **June 2, 2006**

For further information, please contact the Conference Secretariat at:
